## ARE YOU THE NEXT MASTER OF THE STONE?

**WHY EAT ORDINARY?  
WHEN YOU CAN EAT  
ON A ROCK.**

**BENEFITS OF COOKING ON  
A 755° VOLCANIC STONE:**

- The stone's searing process allows the meat to retain its own juices making it much more tender and more flavorful
- It's always cooked to your perfection because you are in control
- The last bite is just as hot and juicy as the first

# THE ORIGINAL BLACK ROCK™

## WHERE IT BEGAN...

On October 27, 2010, in a small tightly-bonded community known as Hartland, Michigan, **Black Rock Bar & Grill™** first opened its doors and brought with it a dining experience unlike any other.

By pairing family recipes, a 755° volcanic stone, and a love for food, the Morganroth family knew they were a perfect fit for the restaurant industry. However, they had no prior restaurant experience, working only off a dream of what **Black Rock™** could become.

With a very determined family and help from a great community, **Black Rock™** grew into something remarkable. This one-of-a-kind concept has quickly made the restaurant become the HOTTEST steakhouse around town!

**Black Rock™** is homegrown and already nationally known for the ultimate steak on a stone™ experience!
